Ruben, I'm not pushing you with this; I understand about your year-end crunch.

I just forward this FYI and as example: NWAED commission, which received Casey's letter, still is putting out the word that Arkwood is available. These are prospects who will probably (understandably) not trust us again in future due to feeling misled...

Thanks! Curt

Oh, sorry. I just had no context for it. How did you & my dad meet? I still have the material, thank you. Have I met you? I apologize if I was rude, just caught me off-guard. I get a lot of phishing email, so anyone I don't recognize always makes me suspicious...
